Subject: RapidTox Demo for you

Dear Tom and Jim,

In May 2015, at your request, Rusty and I agreed to (re)prioritize the development of RapidTox (originally planned to begin in FY17) so that we could have a prototype for your consideration in June/July 2016. The project team reports that they are indeed prepared to do this demo in late June, early July. This timeline seems consistent with your interests in 'accelerating the pace of chemical risk assessments.' If so, can we go ahead and schedule this briefing/demo?

Thanks,

Tina and Rusty
